Preface	
All We Need Is Love. 1.1 Introduction	1

Preface

Hello World! Read [1]!

 $\begin{array}{c} {\rm Shena} \\ {\rm June~16,~2122.} \end{array}$

Notations

- $\diamond \neg$: negation.
- $\diamond \ \lor : \ disjunction.$
- \diamond \wedge : conjunction.

Chapter 1

All We Need Is Love.

1.1 Introduction

Theorem 1.1.1. The following equality holds.

$$\left(\int_0^\infty \frac{\sin x}{\sqrt{x}} dx\right)^2 = \sum_{k=0}^\infty \frac{(2k)!}{2^{2k} (k!)^2} \frac{1}{2k+1} = \prod_{k=1}^\infty \frac{4k^2}{4k^2 - 1} = \frac{\pi}{2}.$$

◁

Proof. Write a clear proof.

Remark 1.1.2. Some comments.
